Summary

I am a software developer working on back-end payment systems in Java. Currently I am not job-searching, but rather looking to expand my skills both in my professional work and through my personal projects.

Work History

June 2020 – Present

Software Developer *U.S. Bank*

Developing Java back-end software for business-to-consumer payment systems.

June 2019 – August 2019

Software Development Intern *U.S. Bank*

Developed and tested Java back-end software for business-to-consumer payment systems. Wrote classes and tests to replace outdated dependencies.

February 2018 – March 2020

I.T. Help Desk Worker *Lake Forest College*

Assisted users with technical problems in-person and via phone, created and updated tickets, performed daily lab checks, and completed basic hardware repairs.

January 2017 – May 2017

Computer Science Department Tutor *Lake Forest College*

Assisted with CSCI 112: Intro to Python. Tutored students, graded assignments, and provided in-class assistance.
